Part 2.1 Retaliation Complaint Details (cont)

Complaint Description

I filed a report to the DOD IG's office in 2016 regarding complaints of wrongdoing in the office at USACE (b) (6), (b) (7)(C). I filed the report specifically on (b) (6), (b) (7)(C) (b) (6), (b) (7)(C). She was attempting to (b) (6), (b) (7)(C). At the same time her conduct towards other employees in the office was atrocious. I recognized after filing this complaint there would be an investigation and other government officials would share the details of her behavior. Granted, I did not disclose all the details of her behavior in the report, I filed such report so other government officials would be willing to say something regarding her lewd conduct. Since that point in time I began suffering from Havana Syndrome. I have had directed energy attacks on my body

consistently since 2016. I have also been stalked by government officials in the workplace. I began to receive hostile treatment in the workplace. As of now, I was pushed out of the end of my five year contract when the client that I was supporting (b) (6), (b) (7)(C). I have been working with my doctor for the last several years regarding symptoms of Havana Syndrome which originated from filing an anonymous complaint to the DOD IG's office. Shortly after filing the complaint there was a letter that was posted on my cubicle from the USACE IG's office requesting complaints be filed at their level. No other memo was posted anywhere else in the workplace but my own cubicle. In August 2018, I began receiving phone calls from Russia and China. I understood that these calls were probably manufactured in an attempt to retaliate against me and make it appear that I am a possible terrorist threat. I have attempted to receive a copy of this bill, and I was told by my phone carrier that this bill was marked as "restricted access". I have been unsuccessful in being able to provide counter intelligence with proof that such calls existed. Yet, I know this was another retaliation tactic being used against me. My colleague who supported this contract began to notice my face was burning, witnessed a random stranger from the street share the Government was trying to "push me out", and has seen firsthand the affects of Havana Syndrome after filing this report. My Government client at USACE has also witnessed such. I'm requesting an interview and a full investigation regarding this matter. I kindly thank you.
